

## **WPO DEIB Company Statement**

*Diversity, Equity, Inclusion, and Belonging*

At Workplace Options, we are committed to and are accountable for building a workplace where individuals feel empowered to bring their whole selves to work, free from judgment or fear of discrimination. We understand that having a diverse organization is only the beginning and it will require nurturing and care to thrive. We will continue to take action to ensure we achieve equitable and measurable outcomes.

We strive to cultivate a space where diverse voices are not only heard but actively sought out and valued for the unique insights they bring. By embracing and promoting authenticity, we aim to build a vibrant and inclusive community that fosters collaboration, innovation, belonging and personal growth.
